Reminder: Open Forum Invitation to Discuss CMP Progress and Goals

To: The Baruch College Community
From: The Baruch Executive Campus Master Plan Committee

The College began the development of a facilities master plan last fall when it hired FX Fowle as a consultant. Since then, the Campus Master Plan Executive Committee (membership is listed below) has met monthly, and the College's Facilities Advisory Committee (membership also listed below), co-chaired by Professor John Maciuika and AVP Jim Lloyd, has met regularly.

The Campus Master Plan will serve as a guide for the expansion and renovation of facilities at Baruch College and will set out a 10-year plan for the future growth of the College. In addition, the Campus Master Plan addresses the aesthetic environment to insure that the facilities support learning and student development.

The Baruch Executive Campus Master Plan Committee would like to invite you to an open forum scheduled for **September 17, from 10:00 to noon, in the William and Anita Newman Vertical Campus, room 14-250**. After a brief presentation from FX Fowle, our Campus Master Plan consultants, the audience will be encouraged to comment and ask questions.

Your participation in this process is vital to ensure that the Campus Master Plan addresses the critical facilities challenges facing the college. If you are unable to attend the open forum, you will have the opportunity to review and comment on an electronic draft version of the plan which will be made available prior to the September 17th open forum and will be found on the Campus Operations portion of the Baruch Website.
